

# BVSC Training Programme

**February - April 2021**

Supporting Bexley's  
voluntary sector to become  
more sustainable and  
effective through high  
quality, affordable,  
accessible training.

# BVSC Training Programme

## February-April

### MAKING A DIFFERENCE PART 1: OUTPUTS, OUTCOMES, IMPACT

**02nd February 09:30am-10:30am**

Trusts and givers want to know that their money makes a difference, but how do you prove it? This whistle stop tour will help you understand the terms funders use, and hopefully help you unlock their funds so that you can continue to make a difference.

### WHY EVALUATION IS GOOD FOR YOUR ORGANISATION

**09th February 12.15pm-1pm**

You'll find out about some of the requirements on trustees to be checking your outputs, outcomes or impact and what these terms mean. This session will be held over Zoom by our Impact Officer, Karen Jefferys. This session is aimed at trustees, though others may want to join the session so they can pass on information to trustees.

### RECRUITING & RETAINING VOLUNTEERS

**24th February 10am-12pm**

Growing your volunteer team is like tending a garden. You need the right plants(people), in the right place (roles) and then you need to tend them well to enable them to offer their best to your organisation and to your service users. Come and find out more about the processes involved.

### MANAGING YOUR TEAM REMOTELY

**03rd March 10am-12pm**

This is an essential course for all managers that are leading their team remotely. You will leave this course with plenty of practical tips, information, resources and slides to help you deal with some of the challenges and experiences of managing your team. Come along and bring your experiences, questions and examples of how you do it.

### MAKING A DIFFERENCE PART 2: OUTPUTS, OUTCOMES, IMPACT

**09th March 09:30am-10:30am**

Explaining how you hope to make a difference on one sheet of paper helps you and funders understand what your Voluntary and Community organisation is there to do. Find out what Triangles and Theories are, and how they can help your charity.

### DATA HACK- FOCUS ON BEXLEY BOROUGH

**24th March 09:30am-03:00pm**

What information is there on the Bexley borough to help you evidence what the needs and assets of the borough are? We'll start with some easy wins of places to look for information and then dive a bit deeper and help you to be more confident on using data that is available, but which needs some analysis to help you to make use of it.

### HOW TO MANAGE VOLUNTEERS SUCCESSFULLY

**29th March 10am-12pm**

So, you have a large (or not so large) group of volunteers. How do you keep them happy and engaged, whilst ensuring that your organisational needs are met, and any "little niggles" are resolved before they become big problems? Come along to our training to find out, and ask all those "volunteer management" questions you have always wanted to know the answers to.

### MEASURING CHANGE, REALISTIC OPTIONS: PART 3

**20th April 09:30am-10:30am**

Explaining how you hope to make a difference on one sheet of paper helps you and funders understand what your Voluntary and Community organisation is there to do. Find out what Triangles and Theories are, and how they can help your charity.

### ONLINE COLLABORATION TOOLS FOR SMALL CHARITIES

**27th April 10am-12pm**

If you are not sure how your group can engage and collaborate with the people you want to support, or even internal volunteers or staff, come along to find out about free and low cost ways to connect.
