

WHERE TO GO AFTER IMPACT IN ACTION

Next steps for Bexley groups

AS IMPACT IN ACTION CLOSES WE WANT TO ENSURE THAT WHERE POSSIBLE YOUR GROUP CAN STILL ACCESS SUPPORT. HERE ARE A FEW THINGS THAT CAN HELP.

Training

Lots of the Impact in Action training will remain on the website:

- 1) Micro-training can be found [here](#).
- 2) On Demand -for training on the 7 Impact for Funding sessions, Get it Done (including 'Marketing when it's not your job') and Funder Feast sessions check out the On Demand page, available on request.

Useful Links

There's lots of information out there, we've sifted through some so that you don't have to!

www.bvsc.co.uk/impact-action-useful-links

There's information on getting an overview on impact, where to research needs, setting outcomes, creating a Theory of Change and measuring the change your group is making. This is a great if you want to dig in deeper having done the 7 Impact for Funding sessions that are available On Demand.

Other groups

Some of these groups do aspects of what Impact in Action did:

[CNT Associates](#) - two hours of free support including funding.

[Coalition for Efficiency](#) - tailored impact support.

[Cranfield Trust](#) - recorded training on impact, mentoring for managers and free consultancy.

[Superhighways](#) - training and 1-2-1 support on digital, eg using Excel for monitoring.

[Pro Bono Economics](#) - support with data, economic impact analysis and research.

[InFocus](#) - free introductory course on impact measurement.

Other BVSC support

As well as the ongoing offer of support from the Volunteer Centre, Volunteer Managers Network, Adult Health and Social Care Network, Children and Young People's Network, Disability Sports Network and Bexley Voluntary Forum there are also some newer ways in which BVSC is supporting groups. Get in touch to talk about:

- your group's digital needs
- digital needs of your beneficiaries
- support in disability inclusion

Impact in Action's Resources should continue to be on the website, although you will need to request 'Places to Look for Funders.'

Check out the BVSC website links soon as our website will be changing so the exact links may change.

If you are reading this before Impact in Action finishes there may be time to meet with Karen and discuss the specifics of what your group might like. Get in touch today!
