BVSC's Impact in Action project has teamed up with Cory to provide this unique opportunity to get under the skin of a local business and funder, positioning your group well for future funding rounds and other support. This visit will be suitable for those who were unsuccessful (get feedback and better known by Cory), successful in the last round (pick up your certificate) or those who may want to apply next time. The 'Tips' section will not repeat Funder Feast training, so there will be something for everyone.
